## UP IN YOUR FACE

---

**It ain't time to roll on large plays when motherfuckers UP IN YOUR FACE.**

**There's too much drama. When shit's like that, True Player don't force his moves.**

**He ain't rude, neither. That only brings more motherfuckers UP IN YOUR FACE. True Player limits himself to little plays. Makes minor adjustments in the operation to tighten shit up.**

**He can still get over. Streets ain't 100% fucked, like when it's dark out.**
