**It ain't time to roll on large plays when
motherfuckers UP IN YOUR FACE.
There's too much drama. When shit's like
that, True Player don't force his moves.**

**He ain't rude, neither. That only brings
more motherfuckers UP IN YOUR FACE.
True Player limits himself to little plays.
Makes minor adjustments in the
operation to tighten shit up.**

**He can still get over. Streets ain't 100%
fucked, like when it's dark out.**
